That's the word that comes to mind when one thinks of Muskegon High School. For MHS is a modern institution, with modern ways, and yet it is also rich in those almost

intangible qualities that have grown and become a part of the school with the passing

of the years.

The modern high school—a typically American institution—is comparatively new, even as the country itself is comparatively young. But progress has made America what it is today—progress in science, government, art, literature, and education. What started out simply as an urge to see what was "beyond the next hill" developed into a pioneering spirit that reached across the continent, and is now exploring new frontiers in electronics, nuclear physics, or perhaps just building better mousetraps.

Through the years, progress has been the keynote of education at Muskegon High School. As educational philosophies have changed, as the field of educational interests have broadened, our curriculum has expanded to include such courses as day trade, retail sales, and radio production. A driver training course has also been added for the teen-agers of this mechanized age.

Modern equipment has been made available to today's student. Broadcasting facilities for radio classes, up-to-date equipment for science courses, new opportunities for students to put their knowledge to practical use in the community — these are but a few of the many improvements in our educational system.

Outside the classroom, extra-curricular activities have gained a new importance. A variety of organizations give more students opportunities for experience and recreation. Honor societies have been formed, giving recognition for outstanding achievement.

It is through cooperation, through the combined efforts of administration, faculty, students, and parents, that this progressive state has been attained. In a democracy, not only the government, but also the schools are "of the people, by the people, and for the people."

And so Muskegon High School has taken its place as an integral part of the community, a modern institution in a free country, performing its vital task of giving today's young people not only a good start, but the courage and determination to carry on.

tradition . . .

Tradition is strong at Muskegon High School.

Many customs, activities, and procedures have roots deep in the past, for MHS has a past as unique and interesting as one would expect in an institution that has weathered the test of time.

opportunity...

As time passes, many old customs and procedures must give way to new ideas and practices. Modern theories must be accepted, old ones discarded. The purpose of education is to equip young people to make a place for themselves in today's progressive community. Since many students will have to compete on an adult plane immediately after they graduate, they must be given a chance to do work acceptable on an adult plane before graduation.

history...

History is in the making. Among those theories that have of necessity been discarded is that of isolationism. Modern science has conquered time and distance to such an extent that the rest of the world is our next-door neighbor. An awareness of governments, armies, people, and politics around the world must be instilled in today's citizen if he is to cope successfully with the problems of his time.

the future...

Why is all this so important? Time is passing . . . Today's student is tomorrow's citizen. If he is to play his rightful part in making the world a better place in which to live, he must be educated in an atmosphere of progress. He must be given the knowledge, the skill, and the courage to take his place in tomorrow's world . . . to face the future — and conquer it.

The 1952-1953 school year has been a fateful one for Muskegon High School. The graduation of the June, 1953 class marks the end of an era. With Mr. Manning retiring, Mr. Knudson leaving, and the Junior High School moving to new quarters, life on the campus will be different, somehow.

Let's take a look back over the year — this year that marks the end of an era — and the beginning of a new one.

the year's story...

fall . . .

The campus was alive with color. Fallen leaves rustled underfoot, and the rays of the sun, streaming through the trees, formed brilliant shafts of light in the haze of smoke from countless bonfires. Fall had come . . . and with it, the start of another school year.

Whoops! Mr. Paulson's working avertime again!

The bookstore did a rushing business, and upperclassmen waited impatiently to get their schedules changed to suit their needs or desires. New 10-B's wandered forlornly through the halls, looking for their assigned classrooms. The sounds of reunion rang throughout the building. There were many friendships to be renewed after the three months' absence, and many stories of summer experiences to be told.

while football holds the spotlight

Football was in the air as the weather grew cold, and pep sessions and snake dances were frequent, in and out of school, as students let off steam. The train trip to Lansing got the grid season off to a rousing start, and the Flint Central game provided many thrills to be remembered, with a touchdown pass in the last ten seconds of play turning defeat into a Big Red victory.

Group activities vary...

Of course, football was only a part of the fall picture. Club activities began to boom. The Hi-Y operated the concession stands at football games, the Latin Club started its new meeting schedule, and the Keyhole staff began planning its first big issue for the new term.

Flarence Pae and Pat Bradasich put on a demonstration of Roman games during a Latin Club meeting.

Big Reds score again . . .

The crowning event on the sports scene was the annual clash between the Big Reds and their traditional rivals, the Muskegon Heights Tigers. Pre-game enthusiasm reached a peak when the pep assembly was broadcast over WKBZ. The big day finally arrived, and at 2:00 o'clock on the afternoon of Saturday, November 15th, the game was on! Approximately three hours later, the setting sun shone on a crowd of 9,000 people pouring out of Phillips Field, with Muskegon fans still wildly cheering the 21-7 victory that made the Big Reds co-champions of the Southwest Conference.

Masque presents "The Little Minister"

The scene was one of feverish activity.
"Is my makeup okay?"
"Who in blazes swiped the teacups off the prop table?"
"For Pete's sake, get someone on the phone in the light booth!"

A few whispered last-minute instructions followed, then silence . . . and seconds later the curtain opened on the annual Masque three-act play; this year, "The Little Minister."

But it finally did, and a a few minutes later, you were sitting in the auditorium as the Christmas assembly began. And then the assembly was over, and you left school in 1952, to return in 1953.

Basketball attracts all . . .

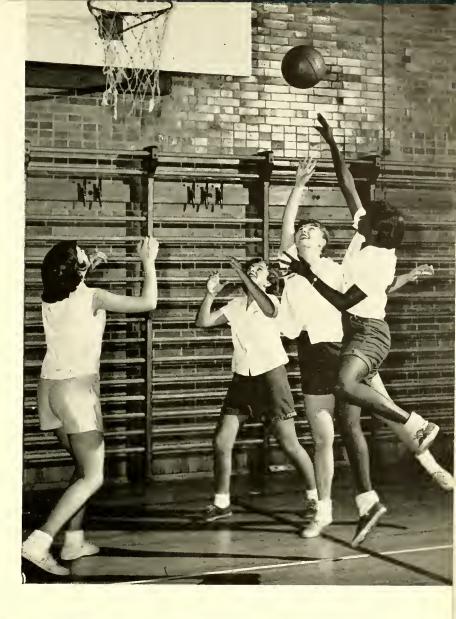

The new year arrived, and with it, basketball season, giving some students a chance to exercise their muscles, and giving others a chance to exercise their lungs. One of the highlights of the season was the Heights game, with the Big Reds winning by two points in a "sudden death" overtime.

spring ...

"Spring is busting out all over"

Days grew longer, the snow melted, and April showers followed on the heels of March winds. Spring was coming . . . At first it was just something in the air, then a faint tinge of green in the lawns, and the first robin . . . And then suddenly the clouds rolled away and the sun shone on a world changing from black-and-white to technicolor.

It was still a little cool for swimming in Lake Michigan, so the girls used the pool and concentrated on life-saving courses and recreational swimming indoors.

Tennis, a sport recently revived at MHS, was well on its way to becoming as important a part of the athletic program as any other form of competition. As the season rolled along, those hours of practice paid off; with each member of the squad getting a little extra punch in that serve, a little better followthrough on that backhand, and a little more skill in a game that has become one of the most popular forms of recreation in the country.

The Victors are rewarded . . .

As the year drew to a close, the seniors looked forward to graduation with all its related activities. Exchanging pictures and name cards became a major pastime among the 12A's.

Meanwhile, many upperclassmen were looking over college bulletins and applying for admission, and in some cases scholarships, to the schools of their choice.

And so we part . . .

June arrived, and the graduating seniors were kept busy with the usual rush of traditional end-of-the-year activities—banquets, beach parties, farewell get-togethers, baccalaureate, and the prom.

Finally the day arrived for three hundred seniors and each one, in a cap and gown, stepped forward to receive his diploma at the commencement exercises — the climax of high school life.

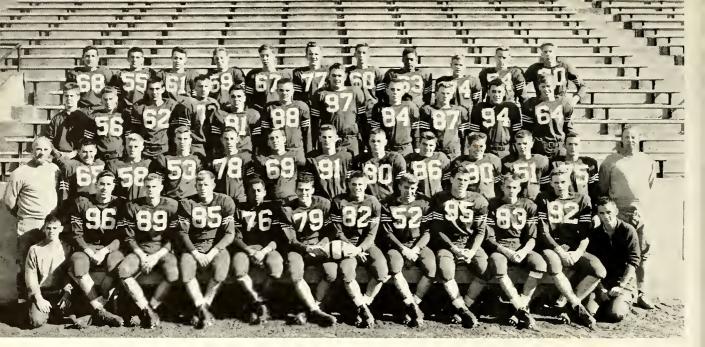

The value of a well-rounded athletic program to a school has long been recognized. And just as changes are made in any other part of the curriculum, so do sports change from year to year. MHS has introduced new equipment, modern safety devices, and other improvements in the field of athletics. As a result of this progress, we have been recognized as a leader in this field. The wide variety of sports and better facilities that are available give more students a chance to participate.

Reds tie for S. W. champ title . . .

Muskegon High School 1952 football season will long be remembered by students for its nerve racking last-minute plays which featured touchdown passes from Vos to David. and Jim Kelly's pin-point accurate conversions which helped to win the second successive Southwestern Title.

The first game with Lansing Sexton proved to be no pushover as Lansing led throughout the game only to lose in the last two minutes as Leland David scored six points and Kelly converted to make it seven. The following week the Muskies ran into the same trouble as they trailed throughout the game but came back in the last seconds to score, and Jim Kelly again saved the game with his point after touchdown.

The Big Reds staved off a last minute rally to chalk up their third game at Grand Haven's expense. The Muskies two touchdowns were made by David and Tom Collins, the latter who scooped up a fumble, ran 27 yards for the score.

Next week the story was different as Benton Harbor proved to be the stronger team upsetting the Big Reds 12-7.

The loss seemed to stimulate the gang as they played Saginaw Arthur Hill the following week. After the first quarter the Big Reds got to work and went on to win with David and Vos standing out on offense and Don Storck on defense.

The Muskegon High School steamroller again gained momentum as they rolled over the Big Reds of Hamtramck 55-0 with everybody on the bench getting into the game. The Muskegon fans suffered a letdown the next week as Battle Creek tied them 13-13. The game found Muskegon far below their form shown against Arthur Hill and Hamtramck. Line play formed a big feature of the game.

The Big Reds again reached their peak as they

completely smothered a bewildered Kalamazoo team. Vos showed brilliant passing form while Cooke, David, and Schutter performed exceptionally well in their roles.

The Muskies gained a share of the last South-western crown as they pounded out a victory over the Heights Tigers. The Big Reds took to the air and made two touchdowns. The last half proved to be a punting duel between Schutter and Rowell. The linemen Collins, Kelly, and Soderman showed some fine blocking and tackling.

Lee David lunges to stop Louis McMurray, Tiger end during the Muskegon Heights game.

Little Reds . . .

Completely outclassing Hesperia 54-0, and steamrolling past Berlin 45-0, the Little Reds were edged out by Grand Rapids Union 7-6 in the opening games of the season. Muskegon was slowed down by a 13-7 defeat at the hands of Benton Harbor's reserve team, but the Little Reds came back belting a 12-0 win over Ludington. At Grand Haven the reserves were handed a bitter 26-0 defeat. Still away from home, the Little Muskies hit Kalamazoo for a 12-6 win.

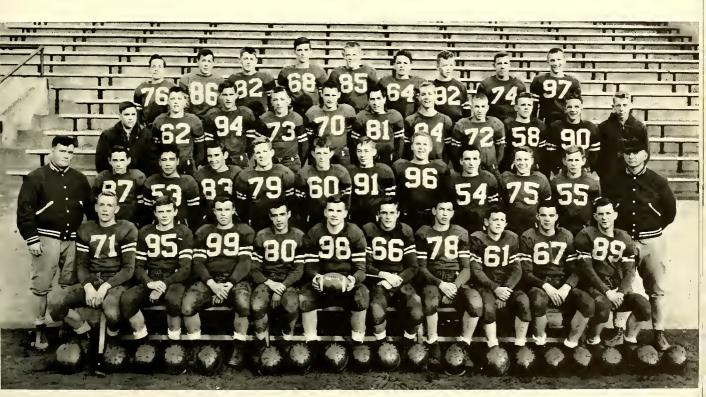

The final game of the season closed with a 42-2 loss to the Heights in the annual classic.

Jack Hesse was high-scorer for the season with five touchdowns. Jim Kelly was elected honorary captain.

This was Coach Hartman's first year with the Little Reds.

As the end of the football season approached, Coach McShannock prepared his basketball squad. The last Southwest Conference Cage season, in which they were to tie for fourth place, opened out of town at Grand Rapids. After a slow start the Muskies roared to catch the Trojans but just failed as they lost a heartbreaker, 49-44.

Continuing the drive of the last few minutes of the week before, Muskerson middled Science High Southwest Fig. 1.

Muskegon mauled Saginaw High at Saginaw 57-46. In this game Fred Heuser showed his touch by dropping in 27 points. Support by Keith DeForest and Norm Rathbun was given.

After a good showing against non-conference teams, the Big Reds ran into Benton Harbor. By a close 57-51 the Tigers won in the last few minutes. This was the largest margin any team made against the Reds. For the rest of the season one to four point losses dotted our record.

Paving the way for a chunk of the Southwest Conference, the Mus-kegon crew walloped Grand Haven. All five starters found the hoop this

night.

Again the last minute jinx hit the Big Reds as Holland, Battle Creek, and Benton Harbor eked out winning margins over Senior High.

A very fast Kalamazoo squad showed state champion form, after

being held to a tie for the first three quarters, to whip the Reds.

During the next week a real thriller was played with Heights. Going into a double overtime it was still tied up when Fred Heuser hooked from his center position and put the game on ice for the Muskies 62-60. This evened up the Heights-Muskegon rivalry at one apiece.

Harry Vos and Jim Riekels, among others, left the squad at this

point as mid-term graduation took four of the five starters.

With Lee David, Jack Kreuger, and Ron Knop as the only experienced players to build around, Coach McShannock prepared for the five remaining games. Phil Berdinski showed promise against Grand Haven even though the Buccaneers won.

Again the last few minutes was the Muskegon players' weak point. Close games were lost to Holland, Kalamazoo, and Grand Rapids South.

After several close ones, the Muskies roared over Grand Rapids
Union, with Ron McDonald filling the shoes of Fred Heuser.

Reserves nearly break even . . .

Despite an inexperienced cage team the Little Reds, under the direction of Coach Barkel scored 670 points to their opponents' 679, winning 7 and losing 8.

High scorers for the '52-'53 season were Alex Kota, captain, with 216 points who made 20 points three times; Carl Lindstrom with 98, Rodger Blevins 93, and Gordon Huttenga with 79 points.

After dropping their first tilt to Grand Rapids South 40-34, the Muskies racked up their next five opponents before being stopped by Battle Creek 49-39.

In rapid succession Muskegon lost to Kalamazoo, Benton Harbor, and Muskegon Heights.

The Little Reds, smarting with defeat, came back to deluge the Little Bucks 56-39, but Holland, Kalamazoo, and Grand Rapids South bogged down the Little Red machine in succession.

Finishing up the last game of the season with a barrage of points, the Muskegon Little Reds battered Grand Rapids Union 64-53.

Field Hockey . . .

The Kitty's Killers, captained by Kitty Keur, and the Blue Bells, by Shirley Scanlon, tied for first place in the girls' field hockey tournament held in October. Sixty-nine girls, divided into six teams, participated in the activity held every Monday and Wednesday after school. A repair session on the equipment followed the regular hockey season.

Swimming , , ,

Our Muskegon swimmers can get their practice in two ways if they want to. In order to participate in Life Saving the girls must pass a preliminary test to prove their ability. Even with this tryout the girls find the course a real challenge. After 15 hours of work usually less than half of the class qualifies as a Red Cross Senior Life Saver.

Recreational swimming is the alternative. It provides time for games, practice, and free swimming.

Bowling , , ,

Bowling this year attracted more girls than in the past years. Eighty girls, divided into sixteen teams, waged battle for high scores. The Gutterettes, captained by Tula Stathis, with Nina Stathis, Sue LaCore, Charleene Squires, and Pat Bradasich placed first.

The girls bowled for the fifth consecutive year in the National Telegraphic Tournament held in March. Participation in the tournament entitled each girl on the team, which placed nationally, an individual trophy and a large one will be given to the school.

Girls' Basketball . . .

Winding up the basketball season of Muskegon Senior High was the play-off game between the Basketeers and the Globetrotters for the championship. The game was most exciting. Both teams played with speed and accuracy.

The tournament as a whole was fast and furious. The girls on the eight teams played as a unit and not individually, which made for a better game all around.

Volleyball . . .

This one is over the net for sure.

This year nearly one hundred girls, divided into twelve teams, made up the volleyball tournament. The girls played with enthusiasm resulting in an exciting tournament for

those who were there. Alertness and accuracy earmarked the good playing.

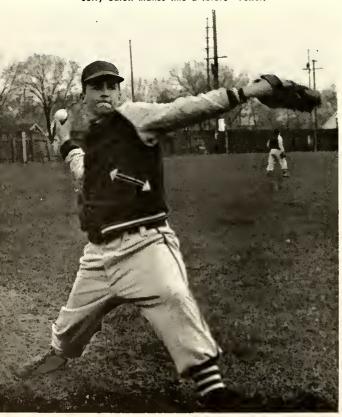

Karen's Crumbs led by Karen Rasmussen wound up with a perfect record for the championship of nine wins and no losses.

BACK ROW: Soderman, Dell, Johnson, DeVries, Dobberstein, Hoos, Eaton, McDonald, Hopkins, Krueger, Erickson, Knop, David, Dagen, Coach H. E. Potter. FRONT ROW: Sima, Fielstra, Vanderburg, Wurtz, Cooke, Porter, Kelly, Burr, Kota, Foy, Berdinski, Shetterly, Voss (Manager). Warren labsent when picture taken).

Baseball . . .

Jerry Eaton makes like a future "Feller."

With two straight Conference Championships under their belts the Big Reds baseball team will try for number three this season. Last season's perfect record was broken at the Battle Creek Invitational Tournament. They ended the season with 11 wins and 1 loss.

The six returning lettermen, Dobberstein, Eaton, Soderman, D. Knop, and McDonald, bolstered the chances of Coach Potter's squad this season. Lending moral support is a good crop of reserves.

This season's record shows 1 loss to 6 wins. This loss was to Holland 2 to 0.

Golf . . .

Prospects for retaining the conference championship in golf for the third consecutive year seem very bright. Last season Muskegon's linksmen won seven and lost one match to take the title.

Teeing off again this year are returning lettermen Ray Bostrom, Dennis Suchecki, and Bruce Ashley. Dick Hames and George Rojan, two new additions to the squad, will also see action.

Coach Sruba is hoping for an undefeated season, but this year's schedule, as in past seasons, may prove to be very formidable.

FRONT ROW: D. Holmes, Red DeWitte. STANDING: Bab Hames, D. Bargeson, Bruce Ashley, D. Suchecki, Ray Bastrom, George Rojan.

Bolstering Muskegon's 1953 track team this year are six returning lettermen from last season: Dave Starks, sprinter; Ray Schutter, high jump and 440; Gordon Schafer, miler; Jerry Allore, hurdles; Joel Boyden and Bob Manchester, shot putters. At the conference meet held at Kalamazoo, May 8, MHS was victorious. Joel Boyden established a new record for shot put at 49 feet 3¾ inches, Gordon Schafer ran the mile in 4:48 and Dave Starks won the 220 in 22:8.

This year the 48th annual Temple Cup Meet was held in the MHS stadium, and for the first time in its history, the Freshmen from Bunker, Angell, and Central schools won first place. The Juniors took second; the Sophomores third; while the Seniors fell behind to take last place.

Coach McShannock predicts that because of the number of Sophomores on the team this year, he will have a fine nucleus to work from next year.

Tennis . . .

The race for laurels in the 1953 Southwestern Conference tennis title found Muskegon hot on a victory splurge. Although losses to Kalamazoo, Holland, and a surprisingly powerful Holland Christian squad dotted the Reds' record, our netters fed greedily on the smaller powers. With scores of 7-0 over Heights, then a 6-1 mauling of Grand Haven, and another whitewash of our rivals to the south, the Heights, 7-0, we took full advantage of Holland's drop from the conference.

Besides the strong schools on the tennis schedule, a few nearby towns gave Coach Bill Bos a chance to use the more inexperienced of his 16-man lineup. Among these were Sparta and Coopersville.

Because of his well balanced squad, Coach Bos found plenty of power for his doubles spots. Standout single players, among them Captain Wayne Kieft at number one, rounded out the Muskie netters. Even though there were four letter winners back, only four seniors played their last year.

The 1952 season was quite successful, the MHS netters winning all games but four. They ranked third in the Conference.

At Muskegon Senior High School, students are extended an opportunity to participate in one or more of at least twenty-five clubs and organizations. Extra-curricular activities at MHS cover a wide range of interests and objectives — from the Student Council, which is the student's own governing body, to clubs organized purely for social activities. Extra-curricular activities are important to the student in developing a sense of responsibility and cooperation with others which leads to progress in building a better world for tomorrow.

Council governs school activities . . .

Organized as a governing body at MHS, the Student Council has done much to promote school spirit and student cooperation.

Its projects during the past year have included establishing a recreation center and weekly dances at Vanderlaan School, carrying on charity drives, and continuing support of Winesap School in accordance with the Save The Children Federation.

Student Council members have fun on their annual sleighride.

Election to the National Honor Society is a definite mark of distinction for any high school student. The M. Berry Wood Chapter of the society not only honors those who achieve high scholarship, but they try to encourage students to take an active part in school activities. A third aim of this honorary organization is to stimulate the building of the principles of leadership, character, and service.

Since the Girls Athletic Association was founded in 1903, the membership has grown to 86; although an average of 100 girls participate in each sport.

A social affair was held after the completion of each of the following tournaments: field hockey, basketball, bowling, volleyball, tennis, and softball. Special awards are presented to the girls who earn the required number of points in the various intramural activities.

G.A.A. contributed to the Good Fellows, the Rescue Mission, Muscular Dystrophy, and the Y.W.C.A. Building Fund.

Membership in the MHS Conservation Club has leaped to an unprecedented number of 176 in the 1952-53 school year. The organization carries on a great variety of activities, its main purpose being to care for the school reforestation project and promote interest in, and education for, conservation. The club goes tree-planting in the spring and fall, and of course you've heard of their exciting camp-out trips. Christmas trees are cut and sold as their winter project. At club meetings members hear programs on different phases of conservation.

Keyhole features weekly news

Many students say they have enjoyed the Campus Keyhole more this year than ever before. The Keyhole has made a regular biweekly appearance with an unusual innovation — a full page of pictures each time. The Keyhole staff keeps the school informed and interested in school activities. The novel Christmas and graduation issues have also been appreciated.

"Buy a Muskie Booster!"

"Extra! Extra! Get the dope on the Muskegon—Heights game," shouted members of the Press Club who were raising money to finance their projects which included a veritype machine with a soundproof booth.

Evening meetings held once a month, a Christmas party, and a formal spring banquet constitute the social activities of the group whose purpose is to encourage interest in journalism and the school newspaper.

Press Club has grown from 5 members in 1949 to the present membership of 30.

After all is Said and Done . . .

The "heads" are looking over the dummy.

When the group of enthusiastic students first assembled to start work on the Said and Done, they knew they had a job on their hands. It was a challenge to them, this business of carrying on a tradition of over halfacentury's standing. They had a lot of ideas, but very little experience in putting a year-book together. As the months rolled by, the staff found that the pictures didn't find their way into the book automatically, the captions and idents didn't write themselves, and division page copy wasn't just some type used to fill in the blank spaces—it was something that had to be written, changed, and re-written.

Besides assembling and writing material for the book, there was also a vigorous sales campaign to be carried out, an assembly to be planned, and business arrangements to be taken care of. To add to these numerous activities, the staff also sponsored the first big Homecoming celebration in many years.

But the pictures finally got taken, the copy was written, the ads were all in, and an exhausted but happy editor and staff breathed a sigh of relief as the book was completed.

Carmenta serves others; studies literature too . .

Few of you know that there were several male members of Carmenta Literary Society at one time. The club was originally organized to include the boys and girls, but the membership was later limited to forty girls.

Carmenta has undertaken several worthy projects this year: giving Thanksgiving and Christmas boxes to needy families, helping the Red Cross, the Day Care Center, and other organizations that need aid.

One of Carmenta's purposes is of course, to study literature. At each semi-monthly meeting a literary report is given by one of the members.

To help in raising money for its projects, Carmenta sponsors two dances each year, including its big spring event, the Cotton Ball.

Senate celebrates Fortieth Anniversary . . .

THE SECOND

Senate is proud of its forty years service to MHS.

This year the club chose Goodwill Industries Inc. as its special interest. Members also sent forty dozen homemade cookies to a veteran's hospital, sent a package to Winesap School, donated money to the Urban League, and sent Christmas gifts to foreign students. You will remember the successful Senate talent assembly too, and their teen-age style show. Add to this their Mothers' Tea and a reception for parents and new members in the fall, and you can see that Senate has had an active year as a service and social organization.

Notre Cercle Français

Parley vous francais? If not, you will find yourself in the dark as the French idioms fly. For what better way could there be to learn French than speaking (or attempting to speak) French with such old pros as second year students?

French Club is open to all interested in France. To them progress is a growing reality. Besides a fifty per-cent increase in membership since the club's founding in 1945, they have aided needy French families, brought in lecturers, movies, and French recordings in an effort to promote a better understanding of France and her people.

El Circulo Espanol

The main purpose of the El Circulo Espanol is to acquaint its members with the customs, arts, and literature of the Spanish and Spanish-Americans. Its members participate in a variety of activities. An annual highlight is the Pan-American Day program, in which both Spanish and French clubs participate.

Hi-C broadens faith interests

Members of Hi-C are earnest in their desire to broaden their spiritual horizons with their religious programs. They hear visiting speakers of various faiths at their weekly meetings and try to become familiar with different religious beliefs.

Hi-C's social activities include an annual beach party and attendance at the Christian Youth banquets in January and June.

From a charter membership of twenty, the club has grown to include over 100 students.

Club recognizes scholars

The Latin Club, more formally known as The Junior Classical League, meets twice monthly. Programs dealing with Roman life and customs are given, and Latin literature is studied. At Christmas time their orchestra and choir present musical interpretations to the club. Recognition keys are given to senior Latin students who have completed four years of Latin at an awards meeting in late spring.

4-7eens stress character

The Y-Teens organization is helping its members "to grow as a person, to grow in friendship with people of all races, religions, and nationalities, and to grow in the knowledge and love of God."

Y-Teens sponsored Christmas and spring dances, carried on several service projects, and heard various speakers at their meetings.

Founded in the early 1930's, the club now has a membership of about seventy girls.

Hi-Y shows active service

One of the most active service clubs on the Campus is the Hi-Y. The 30 boys operate the concessions at the football games, give the St. Patrick's Day dance, and raise money in other ways to support their main projects. They send Christmas boxes overseas, help needy families in Muskegon, and contribute to charities in many different ways. Of course, it isn't all work! The boys have swims at the "Y," the officers attend a training camp at Torch Lake, and received legislative training at Lansing, December 5 and 6.

Vocal groups sing for two leaders . . .

Few choirs have the distinction of having two directors within one year; yet the Muskegon vocal music department has been that lucky. John L. Wheeler directed the A Cappella Choir and chorus during the first term. Then John DeHorn directed during the spring term after he returned from the Navy.

Under Mr. Wheeler's direction the A Cappella Choir presented Christmas programs for the schools and many Service Clubs of

Muskegon and also for the second consecutive year the A Cappella Choir gave a performance of **The Messiah** with one of the local church choirs.

The annual spring concert, under the direction of Mr. DeHorn was one of the highlights of the second term.

Under these two directors, Muskegon students have been given a rare opportunity to learn the pleasures of good music.

Orchestra Gains National

Band and orchestra can't be all work; Pro Musica provides the social outlet. By organizing parties, helping with banquets, a picnic, and other activities; Pro Musica promotes a spirit of friendship between the band and orchestra. Rather than being rivals, the two organizations cooperate together through the work of Pro Musica.

Bill Booth, vice-president; Kay Harrington, president; Sue LaCore, secretary; Bonnie Walters, treasurer; John Mayrose, historian.

Acclaim

Work, work, work — hurry, hurry, hurry! Time was an important factor, for the orchestra had only a short period in which to prepare for its most important appearance. This year our orchestra became the first in the country to play before the national clinic of high school band directors at the Sherman Hotel in Chicago. After its two day trip to Chicago, the orchestra settled down to prepare for the district and state contests, concerts, radio broadcasts, and their usual wellfilled program of activities. The orchestra deserves a lot of credit for its great musical contribution to the school.

fine football shows, their winter concert, and the spring contest "firsts." You'll certainly remember the band marching proudly in the huge "Salute to Industry" parade and several spring parades. As you can see by its record, the band is one of the school's busiest and most successful organizations.

They assist the librarians

Students are learning all phases of library work through the MHS Library Club. Club members assist the librarians and school in giving efficient service and help with Book Week and Poetry Week. You have probably noticed their unusual bulletin board projects in the library.

The Muskegon club has joined the State organization of School Librarians' Assistants and attended meetings in Kalamazoo in April.

Several parties were given by the club this year — at Hallow-een, Christmas and in the spring.

Membership is limited to about twenty students.

Mrs. Elliott, advisor, Naomi Johnson, Grace Middlecamp, Charlene Young, Lais Toman, Dorallee Hanks, Florence Cassel, Dorothy Herbst, Odessa Enner, Elaine Feltman, Marlene David, Mrs. O'-Conner, Walter Lindeman.

FRONT ROW: Mrs. Elliott, Ruth VanderKooi, Jo Anne Willis, Emogene Sabin, Marianne Kramer, Odessia Enner, Norma Vredeveld, Marian Hagen, Jareen McPherson, Jianette Thompson, Miss Webster. BACK ROW: Fay Conroy, Sheila Policha, Charlotte Rinckey, Lois Toman, Shirley Kalbe, Bill Ramsey, Bill Dean, June Brewer, Peggy Knapp, Jone Joneson, Beverly Schrier, Margie Bunnell.

7. A.B. explores American folklore... The Teen-Age Book Club was organized for students interested in good reading. A subject is picked each year for special study; this year the club has worked on American folklore. Members also assisted with Book Week and Poetry Week. They have book programs at alternate meetings, and have some special speakers during the year relating to books, reading, and libraries.

FRONT ROW: Gail Harris, treasurer; Yvonne Sternburgh, Kathryn Ann Marse, Betty Welc, Doris VanDyke, president; Mary Ann Kulicamp. SECOND ROW: Miss Petrie, advisar; Ilene Morrell, Maxine Roelofs, vice-president; Louise Petersan, secretary, Carol Seastrom, Ja Ann Kowalski, Narma Ortquist.

7. H. A. girls study homemaking

An enthusiastic group of twenty girls belong to the F. H. A. who have been busy during the year attending district and state meets, working on their homemaker degrees, and otherwise promoting an appreciation of the joy and satisfaction of homemaking.

In addition they adopted a local family for the Christmas season, and had a Mother-Daughter banquet in May.

7. 7. A. learn about teaching

"Which school are you assigned to?"

"Is it your turn to take care of the children during the McLaughlin P. T. A. meeting?"

"Are you going to help pack the gifts for Winesap school?"

These are only a few of the projects the Future Teachers of America are engaged in to help them attain the characteristics which are necessary to be successful teachers.

F. T. A. has grown from a club of 11 members in 1950 to the present membership of 31.

FRONT ROW: A. Brawn, J. Kirkpatrick, C. DeVette, M. Allare, D. Kiel, C. Squires, reporter; J. LaCaurse, secretary-treasurer; J. Fry. SECOND ROW: J. Hansen, C. Hall, M. Buck, G. FOURTH ROW: Harris Leichti, Jim Nutt, Kerry Ainsworth, Dave Thomas, Ron Perry, president.

"Faithful 35" accomplishes goals . . .

The gavel raps sharply and the thirty-five members of Speech Guild cease talking for a moment. What with the spring forensic contest, debate and discussion, T. B., Community Fund, Voice of Democracy, and Red Feather speeches, and Thespian activities, it has grown to be one of the most active clubs in Muskegon Senior High School. Much time, cogitation, and elbow grease is required of

Miss Powers and the "faithful 35," yet they manage to have parties and dances throughout the year.

Speech Guild was founded in 1948 to encourage an interest in all forms of public speaking. In its short history, it has made a place for itself in Muskegon Senior High School, operating on a public service basis.

78

Marva Spyke, Karen Westling and Mariel Bennett are busy making decarations for the Turkey-in-the-Straw dance.

Thespians honor skills . . .

Now in its seventh year, Troupe 704 of the National Thespian Society honors students who have excelled in speech, radio and dramatics.

Their activities range from playing host to Thespian troupes of Western Michigan to sending delegates to the national convention at Indiana University last summer.

FRONT ROW: S. Davidson, secretary; P. Steiner, J. Rogers, S. Rop, scribe; K. N. Franck, advisor. SECOND ROW: J. Faber, advisor; P. Anderson, president; J. Maxwell, vice-president; A. Hansen, R. Beers, P. Powers; advisor. G. Schafer, H. Riekels, H. Liechti, B. Williams. FOURTH ROW: D. Suchecki, treasurer; F. Heuser, J. Riekels.

Masque encourages acting . . .

Masque is now preparing the future Bernhardts and Barrymores for life in the bright lights.

The fall play, which has been presented each year since 1927, has given many students a chance to display their talents. The members of Masque kept busy in between their major productions by presenting an exchange assembly at Holland and Grand Haven. With the coming of spring, the Masque members' fancies turned to the student-directed one-act plays which are annually presented.

The purpose of Masque is to promote participation in and appreciation of the dramatics arts at MHS.

7.N.A. takes field trips . . .

The FNA is actively helping those girls who hope to become nurses, and encouraging more girls to enter this profession. The members, numbering about 30, have taken field trips this year to Physical Therapy at Hackley Hospital, to the Gerber Baby Food plant at Fremont, and to the Muskegon Filtration plant. The girls also brighten the lives of hospital patients by making favors for their trays and stuffed animals for the children.

Retailers have fun ...

This organization is designed exclusively for the students who learn the art of selling and who work after school. It gives them a chance to become better acquainted with each other and provides recreational activities. A roller skating party at Curvecrest in January as well as a "Bosses' Dinner" in June rounded out the social activities.

FRONT ROW: S. Rust, P. Mahoney, R. Scheidegger, G. Toxopeus, L. Reed, J. Frizzell, G. Saul, advisor. SECOND ROW: D. Boukamp, L. Roberts, M. Riekels, B. Zwicker, S. Dault, treasurer; L. Crago, C. They check the passes . . .

"Sign please," has been one of the familiar sayings in the halls of MHS since the monitors took charge more than a year ago.

The monitors, whose chief purpose is to keep the halls orderly and to prevent vandalism, are chosen each semester from the study halls, and from these students a captain is elected for each hour.

Students who serve as monitors are dependable and loyal and can be trusted to do their job well. Awards are given to monitors who have completed two or more semesters of good work.

"We want your picture" . . .

What are you doing to advance your hobby? The members of the Shutterbugs feel they are gaining a great deal of knowledge of photography. Pictures that will be treasured in later years are the portraits taken at the proms by the members of the club. Other projects include taking pictures of student activities and athletics, having special talks on photography at their meetings, and improving their darkroom equipment. Shutterbug members truly learn by doing.

THIRD ROW: Edward Woods, Charles Olson, Glenn Russcher, Kerry Ainsworth, treasurer; Henry Clapp, Mr. Harrison, advisor.

people...

Muskegon High School is more than brick walls and corridors and classrooms; it's more than pencils and books and machines. There is a friendly atmosphere, created by the people who inhabit the building, which is noticed by all who enter. The administrators, who set the goals, the faculty, who help the students work toward these goals, and the students themselves, who finally achieve the goals — all these people work together in a spirit of friendliness and cooperation, contributing to the atmosphere of progress so noticeable at MHS.

Mr. Manning has planned for progress . . .

Mr. George A. Manning, whose leadership has led to a definite mark of progress, is retiring at the close of his twenty-fourth year as principal of Muskegon Senior High School.

Mr. Manning has been very successful in reaching the goals he has set — to develop a well-rounded school curriculum and promote a harmonious spirit among the student body. During the depression Mr. Manning set up a wide variety of manual and commercial courses which gave students practical training for business and industry. At the same time full credit music courses were adopted as well as economics, sales, business organization, speech, dramatics, debate, and others. The trade and industry program was also introduced under Mr. Manning's leadership.

Extra-curricular activity has been encouraged by Mr. Manning. Students now have a variety of some thirty clubs in which they may take part. These clubs have been instrumental in fostering a spirit of friendliness and cooperation within the student body.

Mr. Manning has always had the best interest of the school at heart. His contact with the faculty, students, and the public has been to promote a friendly feeling of cooperation to make MHS an outstanding school in the state.

For his successful and important service to the school and his community, the 1953 staff of Said and Done is happy to dedicate this yearbook.

Assistant Principal E. W. Knudson is leaving Muskegon to live in California after many years of valuable service to our school system.

Mr. Knudson is a native of Muskegon, having been a student here from Mc-Laughlin grade school through Community College. He was president of the MHS class of '34. Since receiving his master's degree from the University of Michigan, Mr. Knudson has held many positions in the school system here. He has assisted the principals at Angell and Central Junior High Schools, worked under Dr. Umbreit at Community College, and has been assistant to Mr. Manning for the past five years.

Mr. Knudson says he greatly appreciates the friendliness and cooperation the students have shown him; he enjoys working with young people very much.

We extend our best wishes to you, Mr. Knudson, for your success and happiness in California.

Knudson, Huttenga have made plans work . . .

Hackley Manual Training School, headed by Mr. Edward Huttenga, is one of the most outstanding examples of progress at Muskegon High. Since Mr. Huttenga came to Muskegon in 1946, many new vocational courses have been adopted or changed. The auto mechanics shop was opened in 1946; in 1947 the electrical shop was made over and the courses extended to include day trade electricity. A foundry course was added in 1949, and arc-welding classes were introduced in 1950. Under Mr. Huttenga's guidance homemaking classes, adult education courses, the Co-operative Occupational Training Program, and other important courses have been expanded to such an extent that Muskegon now has some of the finest vocational training facilities in the country.

Counsellors guide our courses . . .

For those of us who are enrolled in the Trade and Industry course, Mr. Rosengren and Mr. Lowry help us secure jobs in industry, supervise and check our work on the job, and teach us the related subjects required. Their assistance and guidance is appreciated.

We have hurried to Room 100 for assistance from our first request for a schedule change to our final need for counselling in selecting a college or a vocation. We greatly appreciate the work Mrs. Alice Kyes and Mr. William Denton have done in helping to guide us through our three years at Muskegon High.

Mrs. Julia Ash, Mrs. Theresa Casterline, Mrs. Iola Rolfe, and Mrs. Agnes Backer.

Checking student credits occupies Mrs. Julia Ash, while Mrs. Theresa Casterline, Mrs. Iola Rolfe, and Mrs. Agnes Backer answer telephones and take care of all the clerical work.

Checking credits, filing, keeping the records straight, and answering hundreds of questions for both faculty and students—these are but a few of the tasks quickly and

efficiently carried out by the office staff. It is these women who keep track of the countless details necessary to keep a school the size of MHS functioning.

Seniors see many Innovations . . .

"What's new?"

People ask you that every day. "Nothin' much" you always say. But take a look. There is quite a list of innovations which we seniors have witnessed in our three years of high school.

Who ever heard of a "driver training course" before three years ago? It is commonly accepted now, and many sign up for it each semester. We used the first fluorescent lighting at MHS—we saw the first tennis team coached by the popular Bill Bos. Our band gained national recognition and startled the football spectators last fall with their snappy new uniforms—the first in ten years.

When we were in tenth grade, the radio department received a big boost—for at that time it was decided that

MHS would have complete charge of WKBZ-FM. Miss Peggy Powers started our first debate class this year in September. MHS got a "New Look" in 1951 with the pastel colors in our classrooms. I. D. cards were introduced last year, and we recently established a recreation center with weekly dances at Vanderlaan School. We welcomed the first European exchange students to Muskegon and also contributed to the first rural school supported by our Student Council.

We seniors are proud to have been a part of this progress—proud to have all these "firsts" connected with the class of '53. We can rest assured that this progress will continue at even greater speed, for we have just seen the beginning of a building program which will mean a new era in the history of Muskegon schools.

Scholars take Senior Spotlight . . .

Gerald Patow, Herma Cook, Bill Booth, Dave Van Eenenaam, Ardythe Hansen, Eugene Matecun are the six top scholars.

1954 Seniors make auspicious start,,,

The mid-year graduating class of 1954 have already proven themselves capable of assuming the leadership of MHS next year by sponsoring this year's mid-term prom, The Starlight Serenade.

Even though they are few in number, many

actively participate in athletics, musical organizations, and are presidents of various school clubs.

They have the honor of being the first class to graduate under the coming new administration.

Leading the 12B class are: Ken Lintan, Sec.; Dick Klinkner, Pres.; Rager King, Vice-Pres.; Marlene Baker, Treas.; Janice Haward, Sgt.-at-arms; Mr. Stanley Rolfe, Advisor; Mrs. Flora Lundell, Advisor; Howard Connell, Sgt-at-arms; and Marion Buck, Hist.

Juniors . . .

This semester the juniors organized as a class to prepare for their first big undertaking, the senior prom. They can now look back on a successful year and look ahead to the fall when they will be the school's leaders. There have been some outstanding students in this class—a few already have had the honor of being elected to the National Honor Society. Some hold major positions in the band and orchestra. There are experienced debators, forensic contest winners, and outstanding actors and actresses. Several eleventh graders have been club presidents, and of course some have proved outstanding leaders in sports.

Congratulations on your success, juniors, and best wishes for your senior year.

Sophomore girls calling members to work on an arganization committee.

Sophomores . . .

Who could fit in with the "progress" theme better than the sophomores? For these tenth graders will be going forward with MHS for the next two years. By now they feel at home in our school and have already made their mark. The boys have worked together for the Little Reds football and basketball teams. Both boys and girls have been unusually active in speech and dramatics work—and in all kinds of other activities.

By the time these students are writing their own annual, there will have been many important changes around our school. We can't see what they will do and the changes they will make, but we have no doubts about their ability. As you look over their names and pictures on the following pages, we are sure that you will be proud to have them carrying on for MHS.

Business manager, Gordan Titus, sells an ad to Mr. Klett, advertising manager, at Vandervelde's.

Business and industry also have shown progress in the last few years. Many new processes have been introduced to produce the goods sold nationwide. Notice that the advertising section has undergone a change this year too.

Opportunity Unlimited

Greater Muskegon is blessed with excellent educational facilities, an important factor to local industry and commerce.

A continuous supply of good, competent and intelligent personnel is essential to the growth of businesses like Sealed Power because from you graduates of today, will come our leaders of tomorrow.

Sealed Power can speak from experience. Our long standing policy of giving preference whenever possible, to local graduates, has been most valuable in establishing and maintaining our position among the leaders in the automotive parts industry. Over 60% of our top executives are alumni of Greater Muskegon high schools.

That's why we say "yours for a successful future."
